

Oppose the F.C.C.'s Decision on the 700 MHz of Broadband for Public Safety
County Executives of America

Approved by the Board on:
Effective Date:

March 4, 2007
March 8, 2007

BE IT RESOLVED that the County Executives of America and its members oppose the Federal Communications Commission's decision to give away any of the 700 MHz of broadband allocated for the use of public safety to any entity other than a government or public organization or authority created within the public sector.

A motion was made to oppose the Federal Communication Commission's give away of 700 MHz of broadband set aside for public safety. The motion was made, seconded and passed unanimously.

The County Executives of America is a non-partisan organization that includes a membership of over 700 chief elected executives of a county or consolidated city/county government and opposes PS Docket No. 06-229 and WT Docket No. 96-86.
